## IS RUN DOWN AND DRAGGED BY CAR

Willis Beeraft, Age 60, Hit by Carl Foster's Auto, Believed to be Internally Hurt

### HE SUFFERS BROKEN ANKLE

Becomes Confused by Lights While Crossing Road in Front of His House Near City

Becoming confused at the blinding lights of an automobile driven by Carl Foster while crossing the road last night, Willis Beeraft, 60 years old, living in the first house north of the Catholic cemetery on the Fort Wayne road, was run over and perhaps fatally hurt.

The accident occurred almost in front of his home. Beeraft was starting over to the barn on the west side of the road after some milk. He saw the automobile approaching and for an instant hesitated and then went on. Foster, the driver, of the machine, slowed down and then started ahead when he saw Beeraft stop and then as a last resort tried to go around him. Beeraft, as a result went directly in front of the machine.

One of his ankle bones was broken and he suffered many cuts and bruises. One bad cut is on his head and it is believed he is hurt internally. From all indications none of the wheels of the machine passed over him, but he was doubled up under the machine and rolled for quite a distance.

Following the accident Beeraft bled profusely from the mouth and ears. At the time it was not believed he was badly hurt but today he was unconscious and was said to be in a critical condition.

Foster, the driver of the auto, resides on the T. A. Coleman farm, northeast of the city.

Beeraft has lived here for several years and has been employed by T. S. Craig.

## THREE MEMBERS BATTERY B HERE

Allan Blackledge, Walter Gartin and Frank Owens in Rushville For Few Hours Today.

### ON WAY TO BE MUSTERED OUT

Allan H. Blackledge, Walter Gartin and Frank Owens, three local members of Battery B, spent a few hours here today with home folks while enroute to Fort Benjamin Harrison, where the battery will be mustered out. The troop train came up through Greensburg and the local boys secured permission to come home for a few hours.

The boys attracted no end of attention in their soldier uniforms, and after an absence of almost three months, were kept busy greeting old friends. The captain of the company would only let three of the local boys come home and they were under orders to report at the fort this afternoon. Mr. Blackledge stated that they expected to be mustered out of the service within two days at the most.

Blackledge, who with two other members of the battery, were left at Houston, Texas, caught up with the troop train before it left New Orleans. They were given free transportation on a limited train and enjoyed this part of the trip better than any other. The local boys are all in good health.

T. W. Lytle, who is in the hospital at Mt. Clemens, Mich., writes that he is much improved. Mrs. Lytle was to return home today.

## BATTERY B BOYS ARE BACK

Purdue. Students Arrive at Ft. Benjamin Harrison Today

(By United Press.) Indianapolis, Ind., Sept. 16.—Battery B., Indiana National Guard, consisting of 141 students of Purdue university, arrived at Fort Benjamin Harrison at 9:30 a. m. today from the border.

All the men are in good health. The battery has been released from the federal service to allow the men to return to school.

## DEGREE STAFF OF I. O. O. F. HONORED

Selected by Grand Master as One to Exemplify Work in Series of State Meetings

### BAND AND ORCHESTRA TO GO

A. E. Newhouse, director of degree work in Franklin lodge No. 35 I. O. O. F., has received a communication from W. H. Leedy, grand secretary of the Odd Fellows, stating that the grand master of the lodge contemplates some big booster in the state this fall at which all the degrees of the lodge will be exemplified.

The Franklin lodge degree staff has been signally honored by being selected to exemplify the work at one or more of these meetings, from six to ten of which will be held in October and early November. Degree staffs are being selected which are practically strangers to the community in which they will work and which do ideal work. The expense of the degree staff will be paid by the grand lodge and their entertainment will be provided by the lodges of the cities where the meetings are held.

This further confirms the frequent assertion here that Franklin lodge has a degree staff of statewide reputation. Meetings are contemplated for Richmond, Fort Wayne, Huntington, Muncie, Gary, Hammond, South Bend, Lafayette, Terre Haute, Logansport, Evansville, Washington, Brazil, Lawrenceburg and New Albany. The requirement is that the city contain an auditorium seating 1,000 or more people. The local band and orchestra will accompany the degree staff.

## SAY 75,000 MEN WILL LEAVE JOBS

Union Leaders in New York Predict Sympathetic Strike Because of Carmen's Dispute

### ORDER EFFECTIVE AT NOON

(By United Press.) New York, Sept. 16.—A sympathetic strike which union leaders declare will result in 75,000 workers leaving their jobs in support of the striking employees of the traction companies became effective before noon today.

Twenty thousand long shoremens and boatmen were expected to be the first workers to respond to the strike call. Labor leaders declare that these men will be followed by 25,000 machinists who will strike before night.

By the end of next week unless there is a change in the traction strike situation, union men predict thousands of others will be out. They will include men employed in all industries contributing to the production of power for the transportation lines and may spread to include painters, carpenters and similar workmen, it is declared.

## MILROY WOMAN RETURNS HOME

Soon After Bert Lyons Notifies Indianapolis Police, His Wife Puts in Appearance

### WAS MISSING FOR TWO DAYS

Expected Home From St. Louis Wednesday Night and Not Arriving, Husband Gets Worried

A few hours after Bert Lyons, a Milroy barber and formerly of this city, had reported to the Indianapolis police that his wife, Mrs. Victoria Lyons, age 34, was missing and asked that a search be made for her, Mrs. Lyons arrived at her home in Milroy.

The arrival home of Mrs. Lyons last night ended a search of two days during which time Mr. Lyons had made futile attempts to locate her. After failing to learn anything of her whereabouts by use of the telephone, he went to Indianapolis yesterday and reported her disappearance to the police.

Mrs. Lyons left Indianapolis last Tuesday night with her young daughter, expecting to accompany her to St. Louis where the girl was to take another train to Little Rock, Ark. The girl is attending a school in Little Rock.

The understanding when Mrs. Lyons left, according to relatives, was that she was to return from St. Louis Wednesday, arriving in Indianapolis at 6:15 in the evening.

Mr. Lyons wired his daughter at Little Rock to see if she knew anything of the whereabouts of her mother, and a wire came back that Mrs. Lyons had put the little girl on the train at St. Louis and had said that she would return to Indianapolis immediately.

William R. Edwards of Peru, Ind., a brother-in-law, was in Indianapolis yesterday with Mr. Lyons assisting in the search. According to the Indianapolis Star this morning, Edwards said he was going to St. Louis last night to continue the search.

The Indianapolis Star said that the theory of foul play was advanced because Mrs. Lyons had several hundred dollars, but Milroy people were inclined to discredit this theory even before they heard that Mrs. Lyons was safely back home.

Mr. Lyons is employed at Harry Richey's barber shop in Milroy and several years ago was employed in local shops.

### WILSON'S SISTER DIES

(By United Press.) New London, Conn., Sept. 16.

Mrs. Annie Howe, age 60, only sister of President Wilson, died here at 6:40 a. m. today. Joseph Wilson, her brother and other relatives were at the bedside when the end came. Mrs. Howe died peacefully.

### MRS. NEWBOLD DEAD

Mrs. Margaret Newbold, 83 years old, widow of the late William Newbold, died this afternoon at three-thirty o'clock at the home of her son, William L. Newbold, 422 West Tenth street, following a long illness from senility. She is survived by the one son.

Services will be held at St. Paul's M. E. church tomorrow as follows: Sunday school, 9:30; preaching by the pastor at 10:30 a. m. and 7:30 p. m.; Epworth League, 6:30 p. m. Mid-week prayer meeting will be held Thursday evening at 7:30.

The sale of short horn cattle and sheep conducted yesterday by William A. Alexander, northwest of the city, totalled \$3,700. The stock brought good prices and a fairly large crowd attended.

## MEETS WITH THE TRUSTEES TODAY

Executive Committee Hopes to Interest Schools of County in Celebration Here

### 70 NOMINATED FOR QUEEN

Nominations Close Tonight and Then Committee Will Announce Plans for Selling Votes

Chief interest in connection with preparations for the Centennial, Home Coming and Fall Festival here the week of October 9 centered today in the meeting of the executive committee with the township trustees in an effort to induce the schools of the county to participate in the celebration.

It was the hope of the committee that the trustees would permit the pupils in their respective townships to have a float in the Centennial parade. If this is accomplished, the schools will compete by townships for the prize, a large flag, and each building in Rushville will be considered a competing unit with the townships.

The program for the week will be outlined Monday night when the program committee meets with the chairmen of all of the committees at the sheriff's office in the court house. All the committees are at work now.

The arch committee has awarded the contract for the four massive arches which will span the streets at the four main entrances to the business district, one in South Main near the race bridge, one at the corner of Morgan and Second, another at the corner of Second and Perkins and the fourth one in North Main street near the north end of the Masonic temple. They will be extensively decorated, and the Centennial idea will be carried out in detail. Erection of the arches will be started early next week.

Next Tuesday evening a general meeting of all committees will be held again in the court house to see that all are coming up with their work. The first advertising matter was issued today when large cards were put out bearing the dates of the event.

Seventy nominations have been made thus far in the Centennial Queen contest, counting three new names which were presented today. That is not counting the many duplications where, in some instances, the same name has been presented by as many as four different persons.

The complete list of candidates will be published tomorrow.

### Old Relics Wanted

The old relics committee of the Centennial today announced what sort of old relics were desired for display here. It was urged that every person in Rush county having anything of this sort notify some member of the committee and let it be known whether they would bring the relic in or would expect the committee to call for it.

The members of the committee are Miss Mary Sleeth, Mrs. C. H. Gilbert, Mrs. J. P. Giffin, Mrs. Capitola Dill, Mrs. A. L. Gary, and Mrs. Minnie Abernethy.

Old relics were classified by the committee as follows: Tools and farming implements; Clothes—men and women's; Books and manuscripts; China and Silverware; Old campaign badges; Musical instruments; Quilts and coverlets; Hats and bonnets; Furniture; and Jewelry.

## SCORE DIE IN EXPLOSION

Nitrate Buildings at Oakdale, Pa., are Wrecked Today

(By United Press.) Pittsburgh, Sept. 16.—Employees of Aetna Chemical companies, Oakdale plant, where an explosion wrecked the nitrate buildings, declared flatly this afternoon that probably more than a score were killed.

One said that he entered the wrecked buildings and counted eleven bodies. These, he declared, were exclusive of the eight dead whose scattered remains have been found. An investigation by county authorities is already under way.

## ONLY ONE DIVORCE CASE GETS TO TRIAL

Four Set For Hearing Today in Circuit Court, But Three Have Been Dismissed.

### 3 OTHER CASES DISMISSED

Today was originally scheduled as divorce day in circuit court no less than four cases being set for trial. All but one of these cases, however, were dismissed and the only one heard was that of Mary F. Tremain against Albert Tremain. Judge Sparks heard the evidence this afternoon after waiting all morning on the attorneys from Greensburg. Mrs. Tremain alleged cruel and inhuman treatment.

In the case of Albert Curry against Robert L. Tompkins for damages, Judge Sparks has suggested the names of three attorneys to act as special judge. The names offered by the court are Thomas E. Davidson of Greensburg, Fred A. Gause of Newcastle and Raymond Springer of Connersville.

The case of Samuel H. Trabue against the Cement-Store Silo company for \$500 damages was dismissed and the costs paid. The account suit of the National Lead Company against Edward Crosby was also dismissed. The suit of James C. Draper against Ralph and Franklin Miles in a note demanding \$450 was dismissed and the costs paid.

## FROST LIVES UP TO W. M.'S PREDICTION

Comes During Night and Temperature Gets so Low That Skin of Ice is Frozen Over Water

### MERCURY AROUND 60 TODAY

Frost nipped vegetation in Rush county last night and the temperature got so "low down" that it froze a thin skin of ice over water that was out in the open.

The best the mercury could do today was to reach sixty degrees above zero, which is not very warm for the middle of September, take it from the weather man, although there have been just as cold days in past Septembers.

The temperature stood at eighty-eight degrees early this morning, according to several downtown thermometers. Several farmers reported that water was frozen over early this morning.

The temperature stood at thirty this morning. Temperature by the government thermometer at Maunzy was thirty above.

It was what is commonly known as a "white frost" and probably did a great deal of damage, especially to sweet potatoes and tomatoes. There were lots of the latter which had not yet ripened.

## HOME BAKING IS NECESSITY NOW

Charles B. Riley, Formerly of This City, Cites Method to Counteract High Prices

### FIGURES FOR HOUSEWIVES

Secretary Indiana Millers Shows Margin of Profit by Bakers in Various Sized Loaves

As a means of counteracting the fast increasing cost of bread, flour producers have advised home bakers. The Indiana bakers in their annual meeting recently, failed to agree on a uniform ten-cent loaf to take the place of the five-cent loaf, but in many places the ten-cent loaf is the only one sold.

One local baker is furnishing nothing but the loaf which sells for ten cents. Where the five-cent loaf has been continued, it has been custom to reduce the size.

Charles B. Riley, formerly of this city but now secretary of the Indiana Millers Association, has sent out a bulletin to members of the association calling attention to figures furnished by the secretary of the Ohio Millers association concerning the ingredients of bread and the number of 16 oz. loaves which can be made from one barrel of flour. The following quotation is referred to:

"Now is the time for the miller to advocate home baking of bread. Bread bought from the store costs nearly double what it costs to do the baking at home. Here are the figures covering one barrel of flour, showing ingredients: Flour, 196 lbs.; Salt, 3.2667 lbs.; Sugar, 0.5333 lbs.; Lard, 3.6667 lbs.; Yeast, 4.5773 lbs.; Water, 119.56 lbs. Total 333.20 lbs. making 333.20 loaves of 16 oz. each. Figure this at 5 cents per loaf. Then figure cost of ingredients. Enough said."

Continuing, Mr. Riley shows the margin of profit for the baker in the various sized loaves:

"I have ascertained from some of the retail merchants that they pay the baker 4c per loaf for the sized loaves that sell for 10c and they range from 12 to 14c per loaf instead of 16 oz. suggested by Secretary Tanner. If the baker can get 336-16 oz. loaves of bread out of one barrel of flour and sell them at wholesale 4c each, thus getting \$13.32 per Bbl.; he is certainly getting a fair margin on an investment of \$7.50 to \$8.00 in one barrel of flour, while if he produces a 13 oz. loaf which is more early the average, he will have 395 loaves to sell at 4c each producing \$15.80 per Bbl. or a margin of \$7.80 per Bbl. for his cost of production and distribution. If you examine the above schedule, you will find the baker is required to use 119.56 lbs. of water in the production of 336-16 oz. loaves and that equals about 140 loaves of 13 oz. each. Thus at 4c per loaf the water will yield the gross sum of \$5.64. Since the amount of water does not fluctuate with flour, the baker can feel sure that that amount of raw material will do for as far as we have observed he has asked the government to pay for the water question as he has for wheat and flour question."

### ROOF IS ON CHURCH

In case of rain Sunday morning the stone laying ceremony at the First Baptist church can be held inside the building because the building is now under roof, it was announced today. The program begins at two o'clock.

County Clerk Taylor burned the ballots today that were used in the primary in March. The ballots were taken to the county heating plant and destroyed.

## DIVORCE HERE ONCE BEFORE FILED

Case of C. M. Jackson Against Mary R. Jackson of New Palestine is Again on Docket

### DISMISSED THE OTHER TIME

The divorce suit of Columbus M. Jackson against Mary R. Jackson has been received in circuit court on a change of venue from Hancock county. This is the second time the case has reached here, the case that was first filed having been dismissed in May. The allegations in the complaint are about the same as in the first suit he filed for divorce.

The Jacksons are residents of New Palestine. He alleges cruel and inhuman treatment and claims she is intimate with one Joe Harkness of Indianapolis. Mr. Jackson alleges that a conspiracy exists between his wife and Harkness in an effort to get his property. Jackson was a member of the Federal grand jury that indicted Donn Roberts and other Terre Haute election conspirators.

ONE HUSBAND'S PROBLEM—Ward Jansen, chief of the Secret Service returns home after six months' absence on duty, to find his wife is strangely different towards him. She acts strangely, seems to avoid him, and thus rouses the suspicion in his mind that another man has won her love. He is too honorable to spy upon her, too grieved to confide his sorrows to anyone, and bravely goes ahead with his duties in battling with opium smugglers. In "Hop, the Devil's Brew," the great Bluebird Photoplay, to be seen at this theatre on Monday, matinee and night, Jansen's heroic fight with the denizens of Chinatown, his battles with the desperate opium smugglers and crooks "higher up" (and just how he was able to solve the mystery of his wife's strange actions) are pictured in exciting and realistic detail.

House Without Black-Draught.**

Hardin, Mo.—Mrs. J. W. Collier, of  
this town, who knows from experience  
of the merit of Black-Draught Liver  
Medicine, has following to say for  
publication: "I want to let everybody  
know that I have used Thedford's  
Black-Draught for many years, and it  
is just what is claimed for it. I am  
never without Black-Draught, and  
really I couldn't keep house without it.  
Whenever I feel bad, I take a small  
dose, and feel better right away.

I advise everybody who suffers  
from liver or stomach trouble to use  
Black-Draught Liver Medicine."

For three-quarters of a century  
(75 years), Thedford's Black-Draught  
has been regulating irregularities of  
the liver, stomach and bowels, and has  
long been recognized as the standard  
remedy. It is a fixture in thousands  
of homes as the main stay of the fam-  
ily medicine chest.

If you have not tried it, get a pack-  
age from your nearest dealer, today.  
He sells it in 25c and \$1.00 packages,  
making it cost you only one cent a  
dose.

**Maine's Labor Vote.**

Probably one of the most signifi-  
cant things about the Maine election  
is the revelation that the Adamson  
law, although apparently passed by  
a Democratic congress in its closing  
session as a play to the labor vote,  
will have little effect on the vote in  
the coming election.

The New York Times, although a  
Democratic paper, calls attention to  
this angle of the election, which may  
be seen by looking into the record of  
Daniel J. McGillicuddy, the Demo-  
cratic congressman from the second  
Maine district, the only Democrat in  
the Maine delegation, who was de-  
feated on Monday.

He was first elected in 1910, he  
was re-elected in 1912 and again in  
1914; this is his first defeat since  
he went to congress. He is a man of  
ability, so well thought of in con-  
gress that he is on the ways and  
means committee. His district in-  
cludes Bath and other manufactur-  
ing cities and has a large labor vote.  
Mr. McGillicuddy has always been  
friendly to the labor interests and  
has been active in progressive legis-  
lation, and it is the votes of laboring  
men which have returned him year  
after year to congress, even when  
the Democrats lost in the state.

This year there were all the old  
reasons why labor men should vote  
for McGillicuddy, one would sup-  
pose, and others in addition. That  
is, one would suppose it if one be-  
lieved that the labor vote was a  
block of votes which could be swung  
one way or the other and always in  
response to bids made for it by po-  
liticians. This year McGillicuddy  
had all his old claims on the labor  
vote, and this year, in addition, his  
party had just enacted much labor  
legislation and it had averted a great  
railroad strike by compelling the  
railroads and the country to yield  
to the demands of the brotherhoods.  
Yet, strange to say, this was the one  
year, out of the four in which Mc-  
Gillicuddy has run for congress, in  
which he was defeated in which the  
labor vote obviously did not support  
him as generally before.

The lesson is evident. The labor  
vote is cast just as other votes are  
cast. Trucking to it, abashing one's  
party before it, does not win it. The  
mechanics of Bath and Auburn vot-  
ed on the issues of the day, just as  
did the farmers of Oxford county.  
Mr. Hughes' denunciations of the  
strike settlement, even his apparent  
hostility to the eight-hour principle,  
did not avail to arouse the unions of  
Sagadahoc against him. The con-  
gressmen who voted for the strike  
law did not annex to their following  
a body of voters voting blindly  
to reward any one who might coddle  
them at the expense of the public.  
The union labor men of Maine are  
vindicated from this charge made by  
those who regarded it not as a  
charge, but as a compliment. There  
is a lesson too plain to miss, for  
politicians all over the country.

Chairman Claude Kitchin of the  
Ways and Means Committee deliv-  
ered his speech on the omnibus re-  
venue bill July 6. He withheld it from  
publication until August 29. Mr.  
Underwood, author of the present  
tariff law, adopted similar tactics  
some time ago. The speeches, of  
these two worthies were unanswer-  
able because they were unavailable  
during the debates on the revenue

**THEATER WILL  
CLOSE TONIGHT**

Considered Coincidence That Mana-  
ger Should Order House Close  
After Suit is Filed.

**RED LIGHT LAW APPLIED**

Expense of Transporting Compan-  
ies Given as Cause—Ordinance  
Introduced in Council.

(By United Press.)

Indianapolis, Ind., Sept. 16.—  
Oldtimers prepared today to take  
their last look, at least for a season,  
at burlesque as it is done at the Co-  
lumbia theatre. That show houses  
will closet tonight.

Manager Heuck gave as his reason  
for closing that the companies have  
to make such a long jump that the  
railroads fare eats up the profits.

Heuck said it was a coincidence  
that he announced the theater would  
close immediately after Prosecutor  
Rucker brought proceedings against  
it under the Rule "redlight" law. He  
said his announcement came from  
reasons that threaten burlesque all  
over the country.

Rucker gave a novel application  
to the Rule law when he invoked it  
on the Columbia. The state, since  
the law's passage in the last session  
of the legislature, had come to think  
of it as applying only to bawdy  
houses and "red light" districts. Be-  
cause the Columbia theatre, accord-  
ing to the prosecutor, has been  
showing muscle dances, Rucker ap-  
plied the law to the theater.

Indianapolis has gained consid-  
erable notoriety since the report was  
circulated that it was only 1 of 5  
cities in the United States which al-  
lowed muscle dances in burlesque.

Following Rucker's action Mich-  
ael Shea of the city council, intro-  
duced an ordinance providing for a  
heavy penalty for any person stag-  
ing or participating in an immoral  
show in Indianapolis. Action on the  
proposed ordinance has not been  
taken.

Published long after debate  
had terminated they exhibit state-  
ments ridiculous and untrue. The  
delay in their publication was un-  
doubtedly due to the fact that the  
speakers knew their speeches, as de-  
livered would not stand criticism,  
and that it would be wise to revise  
them in such a way as to make them  
serve for campaign documents.

When the charge is on, Mr. Kitchin  
and Mr. Underwood are to be found  
burrowing in their trenches.

On the "heels" of the announce-  
ment that men's collars no longer  
can be purchased for two bits,  
comes the news that several well  
known brands of men's hose are five  
cents higher on the pair. Stock up,  
men, now would seem to be the proper  
hailing sign.

The Second Maine battalion,  
which is on the Mexican border, took  
part in the Maine election by march-  
ing to the polls in Texas sixty miles  
distant. There were 475 in the bat-  
talion and not a single one of them  
cast a Democratic ballot.

## Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood while the bowel pores do, says a well known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel: like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

## HOOSIER BRIEFS.

Hammond—He wanted her bull dog and this was more than Mrs. Nellie Bly could stand. She has entered a suit of divorce from Ira Bly because Bly had taken part of the furniture and because he wanted the bull dog, which was, she claimed, her personal property.

Petersburg—One of the Hoosierdom's best oil wells has been drilled by the Michael Murphy oil company here. It will produce 500 barrels daily, according to the estimate of local oil men.

Anderson—An effort to establish a local censorship over the movies is being made here in order to eliminate the "immoral" pictures from the screen. An appeal has been made to the councilmen to appoint a board of censors to examine all of the films that are shown in Anderson. There is much debate, on the question.

## A Discovery about your TEETH

Tonight, if you will closely examine your teeth after brushing them, you will make a surprising discovery. Though you have been cleaning your teeth regularly, you will find an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. Your dentifrice has not been REALLY CLEANING!

Loss of teeth is usually due to one of two conditions—Pyorrhea or Decay—both of which ordinarily develop only in the mouth where germ-laden tartar is present.

CLEAN your teeth—REALLY CLEAN them! Senreco, a dental specialist's formula will do it. Senreco embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea. Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect your self against Pyorrhea and decay. Send 4c to Senreco 304 Walnut St., Cincinnati, Ohio, for trial package.

## BRINGS SUIT FOR \$5,000 HEART BALM

Miss Fanny Bradburn of Near Arlington Files Action Today Against Edwin K. Alsmann.

## DEFENDANT IS NOW MARRIED

Alleging that Edwin K. Alsmann promised to marry her in 1906 and on several occasions since that time, Miss Fanny Bradburn filed suit this afternoon against his asking \$5,000 heart balm. The plaintiff alleges that at the time he proposed to her she accepted and relying on his promise remained unmarried.

The complaint states that she has ever since and is still willing to marry him. She avers that in 1908 she agreed with the defendant that they would be married on December 25, 1908, and that many times since then the date of their marriage has been set.

She alleges that since December, 1908, she has requested him to marry her, but in May, 1915, he married one Ella McCarty. The plaintiff claims she has been damaged in the sum of \$5,000 by reason of the breaking of the marriage contract. Megee and Ross filed the suit for Miss Bradburn. Both parties reside near Arlington.

ONE HUSBAND'S PROBLEM—Ward Jansen, chief of the Secret Service returns home after six months' absence on duty, to find his wife is strangely different towards him. She acts strangely, seems to avoid him, and thus rouses the suspicion in his mind that another man has won her love. He is too honorable to spy upon her, too grieved to confide his sorrows to anyone, and bravely goes ahead with his duties in battling with opium smugglers. In "Hop, the Devil's Brew," the great Bluebird Photoplay, to be seen at this theatre on Monday, matinee and night, Jansen's heroic fight with the denizens of Chinatown, his battles with the desperate opium smugglers and crooks "higher up" (and just how he was able to solve the mystery of his wife's strange actions) are pictured in exciting and realistic detail.

## A NECESSITY

Mrs. Collier Says: Could Not Keep House Without Black-Draught.

Hardin, Mo.—Mrs. J. W. Collier, of this town, who knows from experience of the merit of Black-Draught Liver Medicine, has following to say for publication: "I want to let everybody know that I have used Theodor's Black-Draught for many years, and it is just what is claimed for it. I am never without Black-Draught, and really I couldn't keep house without it. Whenever I feel bad, I take a small dose, and feel better right away."

I advise everybody who suffers from liver or stomach trouble to use Black-Draught Liver Medicine. For three-quarters of a century (75 years), Theodor's Black-Draught has been regulating irregularities of the liver, stomach and bowels, and has long been recognized as the standard remedy. It is a fixture in thousands of homes as the main stay of the family medicine chest. If you have not tried it, get a package from your nearest dealer, today. He sells it in 25c and \$1.00 packages, making it cost you only one cent a dose. (Advertisement) NCB3

## Maine's Labor Vote.

Probably one of the most significant things about the Maine election is the revelation that the Adamson law, although apparently passed by a Democratic congress in its closing session as a play to the labor vote, will have little effect on the vote in the coming election.

The New York Times, although a Democratic paper, calls attention to this angle of the election, which may be seen by looking into the record of Daniel J. McGillicuddy, the Democratic congressman from the second Maine district, the only Democrat in the Maine delegation, who was defeated on Monday.

He was first elected in 1910, he was re-elected in 1912 and again in 1914; this is his first defeat since he went to congress. He is a man of ability, so well thought of in congress that he is on the ways and means committee. His district includes Bath and other manufacturing cities and has a large labor vote. Mr. McGillicuddy has always been friendly to the labor interests and has been active in progressive legislation, and it is the votes of laboring men which have returned him year after year to congress, even when the Democrats lost in the state.

This year there were all the old reasons why labor men should vote for McGillicuddy, one would suppose, and others in addition. That is, one would suppose it if one believed that the labor vote was a block of votes which could be swung one way or the other and always in response to bids made for it by politicians. This year McGillicuddy had all his old claims on the labor vote, and this year, in addition, his party had just enacted much labor legislation and it had averted a great railroad strike by compelling the railroads and the country to yield to the demands of the brotherhoods. Yet, strange to say, this was the one year, out of the four in which McGillicuddy has run for congress, in which he was defeated in which the labor vote obviously did not support him as generally before.

The lesson is evident. The labor vote is cast just as other votes are cast. Trucking to it, abashing one's party before it, does not win it. The mechanics of Bath and Auburn voted on the issues of the day, just as did the farmers of Oxford county. Mr. Hughes' denunciations of the strike settlement, even his apparent hostility to the eight-hour principle, did not avail to arouse the unions of Sagadahoc against him. The congressmen who voted for the strike law did not annex to their following a body of voters voting blindly to reward any one who might coddle them at the expense of the public. The union labor men of Maine are vindicated from this charge made by those who regarded it as not a charge, but as a compliment. There is a lesson too plain to miss, for politicians all over the country.

Chairman Claude Kitchin of the Ways and Means Committee delivered his speech on the omnibus revenue bill July 6. He withheld it from publication until August 29. Mr. Underwood, author of the present tariff law, adopted similar tactics some time ago. The speeches of these two worthies were innumerable because they were unavailable during the debates on the revenue

## THEATER WILL CLOSE TONIGHT

Considered Coincidence That Manager Should Order House Close After Suit is Filed.

### RED LIGHT LAW APPLIED

Expense of Transporting Companies Given as Cause—Ordinance Introduced in Council.

(By United Press.) Indianapolis, Ind., Sept. 16.—Oldtimers prepared today to take their last look at least for a season, at burlesque as it is done at the Columbia theatre. That show houses will closet tonight.

Manager Heuck gave as his reason for closing that the companies have to make such a long jump that the railroads fare eats up the profits.

Heuck said it was a coincidence that he announced the theater would close immediately after Prosecutor Rucker brought proceedings against it under the Rule "red light" law. He said his announcement came from reasons that threaten burlesque all over the country.

Rucker gave a novel application to the Rule law when he invoked it on the Columbia. The state, since the law's passage in the last session of the legislature, had come to think of it as applying only to bawdy houses and "red light" districts. Because the Columbia theater, according to the prosecutor, has been showing muscle dances, Rucker applied the law to the theater.

Indianapolis has gained considerable notoriety since the report was circulated that it was only 1 of 5 cities in the United States which allowed muscle dances in burlesque.

Following Rucker's action Michael Shea of the city council, introduced an ordinance providing for a heavy penalty for any person staging or participating in an immoral show in Indianapolis. Action on the proposed ordinance has not been taken.

Published long after debate had terminated they exhibit statements ridiculous and untrue. The delay in their publication was undoubtedly due to the fact that the speakers knew their speeches, as delivered, would not stand criticism, and that it would be wise to revise them in such a way as to make them serve for campaign documents. When the charge is on Mr. Kitchin and Mr. Underwood are to be found burrowing in their trenches.

On the "heels" of the announcement that men's collars no longer can be purchased for two bits, comes the news that several well known brands of men's hose are five cents higher on the pair. Stock up, men, now would seem to be the proper hailing sign.

The Second Maine battalion, which is on the Mexican border, took part in the Maine election by marching to the polls in Texas sixty miles distant. There were 475 in the battalion and not a single one of them cast a Democratic ballot.

## Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood while the bowel pores do, says a well known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

## HOOSIER BRIEFS.

An appeal has been made to the councilmen to appoint a board of censors to examine all of the films that are shown in Anderson. There is much debate, on the question.

## A Discovery about your TEETH

Tonight, if you will closely examine your teeth after brushing them, you will make a surprising discovery. Though you have been cleaning your teeth regularly, you will find an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. Your dentifrice has not been REALLY CLEANING!

Loss of teeth is usually due to one of two conditions—Pyorrhea or Decay—both of which ordinarily develop only in the mouth where gumladen tartar is present.

CLEAN your teeth—REALLY CLEAN them! Senreco, a dental specialist's formula will do it. Senreco embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect your teeth against Pyorrhea and decay. Send 4c to Senreco, 304 Walnut St., Cincinnati, Ohio, for trial package.

## BRINGS SUIT FOR \$5,000 HEART BALM

Miss Fanny Bradburn of Near Arlington Files Action Today Against Edwin K. Alsmen.

## DEFENDANT IS NOW MARRIED

Alleging that Edwin K. Alsmen promised to marry her in 1906 and on several occasions since that time, Miss Fanny Bradburn filed suit this afternoon against him asking \$5,000 heart balm. The plaintiff alleges that at the time he proposed to her she accepted and relying on his promise remained unmarried.

The complaint states that she has ever since and is still willing to marry him. She avers that in 1908 she agreed with the defendant that they would be married on December 25, 1908, and that many times since then the date of their marriage has been set.

She alleges that since December, 1908, she has requested him to marry her, but in May, 1915, he married one Ella McCarty. The plaintiff claims she has been damaged in the sum of \$5,000 by reason of the breaking of the marriage contract. Meese and Ross filed the suit for Miss Bradburn. Both parties reside near Arlington.
